GoodBiz20

Clear the Clutter with Desktop Organization.

How do you connect older USB peripherals like that old wired keyboard in the closet? Get a USB-C Hub. StayGo provides all the ports you need - plus it includes a longer cable that keeps all your connections tucked out of the way. StayGo also includes HDMI letting you use many less expensive External monitors with your laptop too.

Don't Miss an Important Update While Charging.

A desktop Wireless Charger is the ultimate way to stay fully powered by just setting your phone down on a beautiful lucite frame. PowerPic mod keeps your phone charged while holding it up for Zoom & FaceTime calls, Messages and Calendar alerts.

Elevate Your Screen With a Desktop Stand.

Start off with a good laptop stand like our Curve, add a separate monitor, keyboard and mouse and use your laptop more like a desktop. Even just lifting up your laptop and adding an older keyboard and mouse will be instantly more comfortable and healthy.

Raise your display while adding hidden storage.

Whether you're working with iMac, one display or two, HiRise Pro keeps your screen elevated for a more comfortable, ergonomic setup. Not only can you adjust your screen height, with HiRise Pro's dual-sided faceplate, you can change your look between elegant walnut and sleek gunmetal to suit your space. HiRise Pro also offers a hidden storage compartment for your very own "gear garage", keeping your desk neat and tidy.

BackPack

Innovative storage just for the colorful 24” iMac

BackPack, a one-of-a-kind custom shelf for the 24” iMac, has arrived. Designed exclusively for the colorful new desktop, the sleek aluminum BackPackshelf quickly and seamlessly attaches to the back your iMac stand. Use BackPackto declutter your desk by storing & elevating portable hard drives and USB-C hubsbehind your iMac, on top of this sturdy vented shelf. BackPack even includes aPeripheral Strap and ties to secure your gear on top & underneath the sturdy BackPack shelf. If your iMac faces co-workers or customers, use the matte whiteshelf to display artwork, awards, or a welcome sign. Tidy up your workspace with an accessory so integrated into the iMac design, it looks like it came with it.

- Key Facts:**
- Hide messy hard drives, cables, and dongles behind your iMac
 - Store USB-C hubs + cables right next to your iMac connections
 - Display awards, business cards, or retail signage facing customers
 - Includes watchband-quality peripheral strap for top or bottom storage

Compatibility:

- iMac (24-inch, M1)

Part Number:

- 12-2141

- Key Facts:**
- Modern, minimal stand for MacBook
 - Elevates screen 6.5 inches
 - Keeps 70% of the base exposed for optimal cooling
 - Allows for one-handed opening of MacBook
- Part Number:**
- 12-1708 (Black)
 - 12-1915 (White)

“Curve is a gorgeous, functional stand that is meant to display the MacBook as the work of art that it is.”
—Mac Sources

Curve

Elevates your screten while raising the bar for laptop stands

Curve is an elegant, flowing aluminum stand designed for the most attractive laptop in the world, your MacBook. With its beautiful matte finish (in black or white) and improved ergonomic design, it is the ultimate partnership of style and functionality. Use your MacBook on Curve to create a more comfortable desktop with your favorite external keyboard and mouse, or use the combo with an external display to create the perfect dual-screen setup. When it’s time to go mobile, unplug and roll out leaving a modern sculpture behind.

Key Facts:

- Raises MacBook up to six inches to your ideal ergonomic viewing height
- Aligns MacBook with external display for the ultimate dual-screen workstation
- Pairs with a full-size keyboard and mouse for a more comfortable set up

Compatibility:

- All MacBook models

Part Number:

- 12-1222

HiRise

Adjustable stand for laptops

Designed for laptops (and people) of all sizes. HiRise for MacBook is a beautifully designed, height-adjustable stand that does what fixed stands can't do – elevate your Macbook from a few inches up to a half foot off your desk. Pair your Macbook with a wireless keyboard and mouse, and you'll see HiRise as more of an upgrade than an accessory.

HiRise Pro for iMac and Displays

Elevates iMac and displays to a whole new stratosphere

Improve your view. Hide desk clutter. HiRise Pro is a beautiful beast of a stand that boosts your iMac or monitor to one of four height variations for reduced neck strain while working. To reduce desk clutter, the all-metal stand doubles as a gear garage for hiding your wallet, AirPods, hubs, and hard drives. This sleek stand includes a double-sided gunmetal / walnut veneer front plate so you can tailor the stand to your environment.

Key Facts:

- Height-adjustable stand for iMac and displays
- Internal storage for hard drives, personal items, or excess cables
- Leather valet top for items such as iPhone, keys, etc.

Compatibility:

- Apple iMac
- Apple iMac Pro
- External displays with a base width of 10 inches or less

Part Number:

- 12-1719

Desktop stand

BookArc for MacBook

Turn your MacBook into a desktop.

Meet BookArc, the most popular vertical MacBook stand in the world. Don't lose precious desk space when using MacBook to run your desktop setup - simply slide your MacBook into the silicone slot, connect it to an external display, add a full-size keyboard and mouse to enjoy the comfort of a desktop setup.

Ready to hit the road? Unplug MacBook and BookArc's newly designed cable-catch feature keeps your cables from falling to the floor. Three interchangeable inserts ensure BookArc will be the perfect home for your MacBook.

- Key Facts:**
- Declutters and simplifies your desktop space
 - Optimizes your fullsize display's video performance
 - Improves airflow for your mackbook
 - Interchangeable inserts allows BookArc to adapt to your latest MacBook
 - Cable-catch feature keeps cables managed and from falling to the floor
- Compatibility:**
- MacBook Air w/Retina Display (2018 - Current)
 - MacBook Pro w/Thunderbolt 3, USB-C (2016-Current)
 - MacBook Air (Late 2010 - Current)

MagicBridge

Connects Apple’s wireless keyboard to Magic Trackpad

MagicBridge connects Apple’s Magic Trackpad 2 to your Apple Magic Keyboard, creating the sleek, one-piece input device you’ve been dreaming of. MagicBridge creates an amazingly efficient keyboard you can pair with iMac, MacBook, or iPad. Use it on your desk, the sofa, or anyplace else you use your Apple Magic Keyboard and Apple’s Magic Trackpad 2.

Key Facts:

- Organizes desk and creates a tidy two-in-one combo
- Easy access to power switches and Lightning ports for charging
- Holds Trackpad on either left or right of keyboard
- Works with Apple Magic Keyboard and Magic Trackpad 2 (not included)

Compatibility:

- Magic Keyboard and Magic Trackpad 2

Part Number:

- 12-1633

Key Facts:

- USB-C Hub connects peripherals to your MacBook
- Desktop-length cable allows connections and power to be located out of sight or behind your desk, creating a tidy workspace
- Additional Compact Travel Cable stows away directly inside StayGo
- Connections include: 4K HDMI, Gigabit Ethernet, USB-A 3.0 (x3), independent SD + Micro-SD card slots and 85W USB-C pass-thru power

Compatibility:

- All USB-C equipped MacBooks and iPad Pros
- **Part Number:**
- 12-1907

StayGo USB-C Hub

The first desktop-friendly USB-C hub

When looking for a USB-C hub, you'll notice most plug in right next to your laptop - creating a rat's nest of cables and cords hanging off the side. Yuck. StayGo delivers all the ports you need, but with a setup long enough to neatly tuck away and keep the front of your workspace clean and tidy. Plug in StayGo to connect to all your desktop gear and power - hidden out of sight, but ready to go.

StayGo mini

More ports for more productivity

StayGo mini USB-C Hub makes editing video and photos or polishing presentations on your iPad Air or iPad Pro much more convenient. How? By giving you four more ports to get things done. With a headphone jack, USB, USB-C and an HDMI port, you can connect and power your most essential accessories. Connect StayGo mini directly to your iPad or use the included 19-inch long cable to place the hub below your Magic Keyboard or HoverBar Duo. Maximize the power of your iPad with a StayGo mini.

- Key Facts:**
- USB-C hub connects peripherals to your iPad or MacBook
 - Four ports: USB-A, HDMI, headphone/audio out and USB-C power
 - Pass-through power to charge or power accessories
 - Connects directly to iPad or below with the included cable
- Part Number:**
- 12-2039

Key Facts:

- Holds iPad at three different angles for hands-free (or hands-on) use
- Super-stable metal design supports even the largest 12.9 iPad Pro
- Second leg tilts iPad up to a more comfortable typing or sketching angle
- Folds flat for complete portability and works with most iPad covers and cases

Compatibility:

- All models of iPad Pro, iPad Air and iPad

Part Number:

- 12-1805 (Gunmetal)

Compass Pro

A new Compass Pro for a new iPad Pro

The new iPad Pro is a creative pro's dream. Now, meet its easel. The completely redesigned Compass Pro is a versatile all-metal folding stand that holds your iPad at three different angles – both vertically and horizontally. Use Compass Pro as a hands-free display stand, an active desktop stand for interacting with iPad, or as a typing/sketching wedge. This solid steel stand has soft silicone in the right places. It's strong, stable, and folds flat to go wherever your iPad roams.

PowerPic mod →
Wireless Charger

← CurveRiser
Desktop stand

Key Facts:

- Beautiful wireless charger that complements your interior design
- Compatible with all wireless charging mobile phones (MagSafe, non-MagSafe, Android, etc)
- Customizable with any 4x6 photo or custom graphic
- Uses any 20-watt USB-C power adapter (not included)

Part Number:

- 12-2019 (White)
- 12-2037 (Black)

PowerPic mod

Charge your phone beautifully

PowerPic mod is a world-class wireless phone charger with a design as radical as wireless charging itself. With a mix of modern elegance and versatile charging options, PowerPic mod charges all phones, including phones in cases, with an aesthetic that looks like nothing else. The lucite-framed PowerPic mod can be positioned vertically or horizontally and is even customizable with any 4x6 photo or room-matching graphic. Wirelessly charge your phone on the stand that looks more like a work of art than a typical charging dock.
