WAIT!

You don't need to start
your own nonprofit!

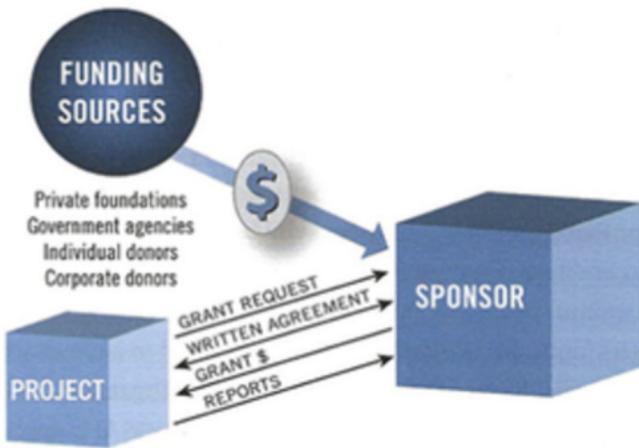

Fiscal sponsorship lets you:

- Solicit tax-deductible donations, including grants
- Do the program work not the paperwork
- See if nonprofit works for you, before you make a commitment to the IRS

PIP

We provide Model C sponsorship, that looks like this:

What is a Fiscal Partnership?

A fiscal sponsor is a tax-exempt nonprofit organization that provides **fiduciary oversight**, supports financial management, and shares information and best practices to help build the foundation of **charitable projects**.

How does a Fiscal Partnership work?

By partnering with a fiscal sponsor, your project can **immediately** seek and receive tax-deductible contributions and grant monies under the fiscal sponsor's established 501(c)(3).

Do you write grant proposals?

No, we provide counsel and training to **help you build the skills** you need. We are happy to review grant proposals and provide feedback before you submit them to funders.
